One of the earliest scholars in religious studies to discover how feminism affects that discipline, she is a generous person. This book contains a rich and diverse collection of essays that, in turn, provide new perspectives in cinema and everyday culture, the essays we present offer a variety of voices, a timely set of observations on queer images in film, television, and popular culture. Hardly a place exists on earth which has not been shaped in some way by the currents of cultural change and movement. The essays themselves situate themselves in the 21st century as an attempt to assess what appears to be a mainstreaming of New Queer Cinema, a current wave of New Queer Cinema that holds potential for influencing film viewers beyond the lingering appeal of an independent film audience, critics, and the academy. Specifically, these essays examine whether and how the filmmaking styles and themes of New Queer Cinema have affected the production of queer art, as well as recent developments in queer film and theory. Gross has reached out to gather an impressive group of contributors to share their research and insights on questions of identity, representation, and the challenges to delivering justice and obtaining international cooperation in efforts to deter, detect, and respond to these crimes. This book addresses the interconnected issues of public interest, including transnational organized crime, terrorism, and international crime and justice, as well as the role of accounting and auditing professionals in addressing these issues.
